Software Test Engineer Position in Singapore

I read your job advertisement regarding a Software Test Engineer position in Chandler Macleod Singapore. If you are seeking an person one who a highly competent and results oriented Software Test Engineer with 3+ years of experience in QA automation, please consider my enclosed resume.

Aristotle once said, "**Quality is not an act, it is a habit**" – Habit is what drives any business. Quality always plays a crucial role and is a big issue and also it's decides the success (or) failure of any business.

As rightly said by Aristotle "**Quality is a Habit, it's not an act**". Therefore providing a quality product (or) service once is not enough an organisation should follow standard quality practices and deliver quality products (or) services consistently. And I am the one who assure the quality will take place throughout the SDLC.

I am highly competent and results oriented QA person and mentor my team to implement customer centric approach which gives great result.

Currently, I am a Test Automation Engineer with 5+ years of experience in Software Testing at Ameex Technologies Pvt. Ltd. Chennai. I started as a Manual Test Engineer in CMC Limited, Chennai at Feb, 2012. My current job tasks are creating test automation framework for babies product site, which have huge market across global. From this I will reduce the time of smoke & regression testing and also increase the confidence of the application.

Here are some of my competences:

- **Automation & Manual Testing.**
- **Agile Testing.**
- **Continuous Testing.**
- **Selenium WebDriver - Java.**
- **Cucumber JVM.**
- **BDD.**
- **Mentoring.**
- **Test Pyramid.**
- **Testing Responsive web sites.**

Perhaps most importantly, I offer a history of proven results. While as a Manual Test Engineer in CMC Limited, I received Star of the Month award for delivery a crucial release with minimal amount of defects. While as a Test Automation Engineer in Ameex Technologies Pvt. Ltd., I have successfully implement POM and BDD test automation framework which gave us a great results. Given the opportunity, I'm confident in my ability to achieve similar groundbreaking results while being part of your team.

I would welcome the chance to discuss how I can implement my ideas for your drive to change and innovate. Feel free to call me on my mobile to arrange a meeting.

I am looking forward to becoming part of your team.

Sincerely,
Karthikeyan Rajendran
